Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director of the Information Resources Management Group publishes this notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

DEPARTMENT OF ENERGY

Notice of Solicitation for Financial Assistance Number DE-PS07-97ID13520—Geothermal Power Initiative

AGENCY: Idaho Operations Office, DOE.

SUMMARY: The U.S. Department of Energy (DOE), Idaho Operations Office (ID) is seeking cost shared applications that promote the commercialization of geothermal energy and result in a near-term increase in the amount of electrical power generated from geothermal energy in the United States. Applications are being solicited in two areas: (1) Projects that will result in new geothermal power production either from new plants or from retrofits to existing plants; or (2) research and development of technologies that will improve performance or reduce the costs associated with geothermal power plants. Approximately \$1,100,000 in federal funds is available to fund the selected project(s) under this solicitation. DOE anticipates making one or more cooperative agreement awards for projects with durations of three years or less. A minimum of 50% non-federal cost share is required for new or retrofit power plant power production projects. A minimum of 20% non-federal cost share is required for geothermal research and development projects. Collaborations between industry, national laboratory, and university participants are encouraged.
